

Safety Statement

Workplace Health and Safety is based on the belief that the well being of people employed at work or people affected by our work, is a major priority and will be considered during work performed on our behalf.

People are our most important asset and their health and safety is our greatest responsibility. The public is given equal priority to that of our employees.

The objectives of our Safety Policy are:

- To achieve an accident free workplace.
- To make health and safety an integral part of every managerial and supervisory position.
- To ensure health and safety is considered in all planning and work activities.
- To involve our employees in the decision making process through regular communication, consultation and training.
- To provide a continuous program of education and learning to ensure that employees are aware of safe work practices.
- To identify hazards in the workplace through hazard identification and risk analysis.
- To ensure incidents are prevented.

The success of our health and safety management is dependent on:

- Proactive planning of work activities with due consideration given to implementing Workplace Health and Safety controls that are suitable to each given situation.
- Understanding the total work process and associated Workplace Health and safety risks.
- Ensuring the work team is totally committed to achieving our objectives.
- Ensuring that open and honest communication exists between management and employees.
